

ECM29 Compliments (in alphabetical order)

Alessia Bacchi

Dear Aleksandar and Marijana,
first of all let me thank you again for the splendid time we had in Rovigno, and for the perfect organization of ECM29.

Dear Mario,
I surely can say that all the Croatian organization has shown an extremely efficient way to deal with every detail, I really congratulate again.

Petra Bombicz

Dear Professor Popovic,
Please allow me to congratulate you and all Croatian crystallographers, including Aleksandar Visnjevac and Marijana Djakovic, for the excellent event, ECM29. It is a memorable conference, proved by the highest number of participants ever. The science was on the highest level and all other activities were carefully organised. I believe all European and intercontinental attendees are grateful for this meeting.
I would like to mention that the work I did, the invitation of Croatia to organise an ECM was on behalf of the ECA. I hoped before and I know now that it was a very good idea to invite Croatia to organise the European Meeting. This request was based on the results achieved in crystallography by your country. There are enthusiastic, dedicated crystallographers who made this dream true. The conference was an outstanding event. Congratulation.

Tim Clausen

Dear Meri,
I wanted to send you a big (and late) thank-you for inviting me to the ECM29. The meeting was simply fantastic. I enjoyed the scientific program a lot as well as I got fascinated by the chosen place. I have to confess that I was not aware of how beautiful this part of the Adriatic coast is ... for sure not the last time that I visited Istria.

William Duax

Dear Nenad and Marija,
The ECM meeting in Croatia was terrific.

Franziska Erbar

Dear Ivana,
Thanks again for all your help, you and your team have been absolutely wonderful and all my colleagues said, it was one of the best European meetings they went to!

Judith Flippen-Anderson

Hi Biserka,
Congratulations on a very successful meeting.

Elsbeth Garman

Dear Aleks and Marijana
I just wanted to drop you an email to thank you very much indeed for firstly organising such a great meeting (it really was very good!), and secondly for your gift to me of the marvellous collection of Croatian foods! I am sampling them all and enjoying them greatly.

Andrzej Grzechnik

Dear Biserka,
I enjoyed the ECM conference in Rovinj really a lot. The science, the venue, and the city were just great. I also managed to have a few excursions around Istria and saw, among many other places, Porec and Motovun. Fantastic! It was one of the best conferences that I've ever attended.

Sine Larsen

Dear Aleksandar and Marijana
Thank you very much for all your efforts that made ECM 29 a great event for all that participated in the congress, everything the science, the social program and the surroundings were perfect.
It is a great achievement of the Croatian crystallographic community.
It was a great pleasure to attend the congress and to visit your country.

Andrea Sharpe

Dear Biserka

It was good to meet you in Rovinj and thanks very much for your superb organisation of the poster prizes.

Patrick Shaw Stewart

Dear Dubravka and Marija,

Thank you both very much for organising a very enjoyable meeting - I heard many interesting talks, and also met some very good scientists.

Alexander Wlodawer

Dear Biserka,

All in all, it was a fabulous meeting and I am grateful to you for organizing the posters so well.
